

10th December 2009

Dear Parents,

Thank you very much for your kind support with regards to the Base 3 trip to London and the War Museums. We really hope your children are looking forward to the day. The day will be very special as it will round up our topic on World War 2 and we hope that the children get a great deal out of some of the finest museums in the country.

So that the trip can run safely and smoothly and of course be as enjoyable as possible we would just like to remind you of arrangements for tomorrow.

Packed Lunch, Coats etc

Please remember to send your children with a packed lunch and snacks to keep them going for a long day. Please make sure that any drinks are in unbreakable, resealable containers. We will all need a warm (waterproof) coat. Don't forget to send along something to do on the coach and any travel medication which your children normally use.

Morning Departure

We would like the children to arrive at school promptly at 6:45 am and assemble in the Base 3 classrooms for a quick registration and last minute briefing. We then aim to leave at 7 o'clock sharp.

London Departure

After a busy day we aim to leave London by 3 pm and intend to be back at school by 6pm.

As traffic will be heavy, our precise time of arrival at Crossdale is difficult to predict. Therefore keeping you informed is of paramount importance to us. We will leave London at 3 pm and during the journey Mr. Mate will phone through to school giving regular updates on our progress home. In turn, we will then display progress times and ETAs on the school website www.crossdaleschool.com. You can also phone the school office (974 8088) to get an update and thus minimize your waiting time. .

On arrival back at Crossdale we would like all parents to receive their children from inside the school building. This will mean we can ensure everyone has been safely collected. Please park as considerately as possible to enable the safe return of the coach.

Many thanks
Mr Mate and Mr McKenna
