

Crossdale

Funky Fruit

Scheme

Dear Parents,

From September we would like to provide all children in Base 2 and 3 with the fantastic opportunity to become part of the Crossdale Funky Fruit Scheme.

The Funky Fruit scheme will enable the children to eat a piece of fruit on a daily basis, either at morning or afternoon breaks or if you wish an option of eating fruit during both break times.

The fruit will be available at school for the fabulous price of 10p per day. So if your child chose 1 piece of fruit a day, this would work out at a cost of 50p a week. **Although we would ask if you paid for a half term in advance** so that it is easier to distribute the fruit to the children.

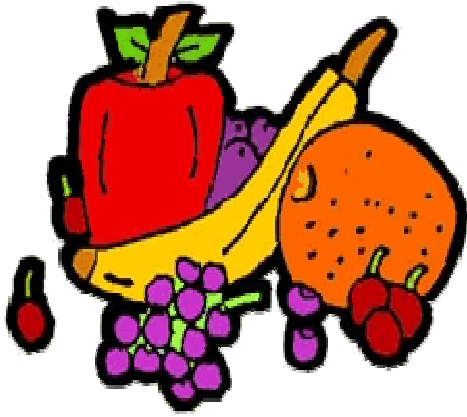

If during the first half term in September you opted for 1 piece of fruit a day, the price would work out at £3.40 for a duration of 6 weeks and 4 days.

We feel this is a fantastic opportunity to further encourage healthy lifestyle choices and support our commitment as a Healthy School.

Many thanks

Gareth Mate
