

YEAR 4

HALF TERM ACTIVITIES

OCTOBER 2019

Hi all,

I have really enjoyed getting to know you this half term and finding out more about all the great things that you do. We have now reached the time for a well-deserved rest during our half term holiday, but to keep those amazing brains in good shape, I have put together a few little jobs that I would like you to do :

1. Enjoy the time off that you will spend with family and friends.
2. Take all opportunities to rest, relax and to have fun!
3. Keep reading every day. Make a note of any exciting words that you encounter in your reading book in the bubble overleaf.
4. Complete the activities on the middle pages of this booklet and bring the booklet back in to school by Thursday 7th November. Completing the poem sheet on the back page is optional - it's just there for those who would like to do it.
5. To give those maths brains a work-out I have set you each some different tasks. These will hopefully arrive home safely in your homework folder!

Have a great week, and I shall look forward to seeing you all again in November!

Mr Brierley :)

Amazing words that I have met during my half term reading:

Where may this mysterious path lead to? _____

Thinking time

For this job I would like you to take a few quiet moments to have a think about what friendship means to you. What makes a good friend?

Next, complete the recipe for friendship below. You can use words or drawings to show your ingredients.

Ingredient 1:

Ingredient 2:

Ingredient 3:

October

After the amazing poems that everyone wrote about autumn this half term, I've saved this last page for you to make your own October poem. It could be about anything seasonal, e.g. autumn or Hallowe'en. Your poem can be as long or short as you like. Have a go at including techniques such as *personification*, *similes* or *rhyme* to bring your poem to life. I can't wait to read your poems!
