

# Making a Stone Age Paper Tool: Axe

## You will need:

scissors

glue stick

stone age paper tool print outs

## Instructions

1. Cut around the edges of the four axe parts by following the solid black lines.
2. Next fold down the dotted lines to create hill folds.
3. Fold up the dashed and dotted lines to create valley folds.
4. Apply glue to tab 5 and stick this to the corresponding section which, when folded round, forms the top of the handle.
5. Apply glue to tab 12 and stick this to the corresponding section which, when folded round, forms the bottom of the handle.
6. Apply glue to tabs 6 and 7 to neatly close one end of the handle.
7. Next apply glue to tabs 13, 14 and 15 and join the two sections of the handle together.
8. Apply glue to tabs 1, 2, 3 and 4 and stick these to the corresponding sections which, when folded round, forms the stone axe-head.
9. Next apply glue to tabs 8 and 9 and attach the axe-head to either side of the handle.
10. Finally apply glue to tabs 10 and 11 on the fourth section to complete the back of the axe-head.
