

A large graphic consisting of a central rainbow and two vertical columns of seven rounded rectangular boxes on each side. The boxes are color-coded to match the rainbow: red, orange, yellow, green, blue, and purple from top to bottom.

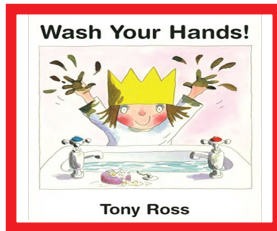

This rainbow with butterfly wings drawn into each colour has been painted by famous artist Damien Hirst to raise money for the NHS .

Can you fill each rainbow box with the title of a book you have read , or other things you have been reading ?

Remember
stay at home

Can you colour these butterflies like a rainbow?

thank you NHS for
taking care of all of us
