

## Hopes and Dreams

Sometimes I throw coins into a wishing well but I do not always get what I wish for.  
When it's my birthday I can blow my candles out and make a wish but sometimes I do not always get what I wish for.  
There is always hope.

At night I dream about owning my own private yacht and sailing to the Caribbean.  
At 3pm I daydream about climbing the highest mountain so I can see the Milky Way.  
There is always hope.

Once my friend was very kind and he traded me a special Pokémon card and this made me feel really happy.  
Sometimes people are not kind to me because they can hurt me so I wish everyone was kind.  
There is always hope.

If I could change anything in the world I would want dinosaurs to be able to come back to life or that the virus will go away so I can see my friends and family and go swimming.  
There is always hope.

## Hope

Hope is wanting things to be better, and wanting better things.

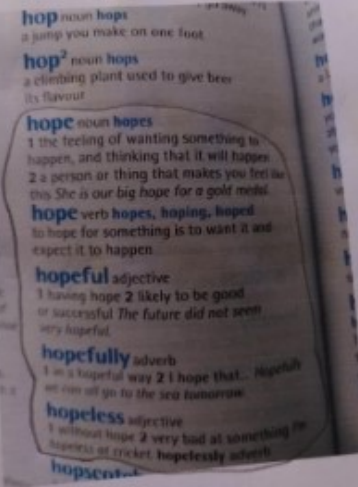

I hope that one day I can be a better writer.

My daddy hopes for the world to be a nice place to grow up in.

My sister hopes to be able to raise money for charity.

My mummy hopes to be fit and healthy.

These are our hopes.

My birthday is SOON  
I hope I can see my friends  
because I love them.

The virus is bad  
we stay two metres away  
yet, we ate still sweets.

I hope that the rocket will go high <sup>and high</sup> ~~high~~.

I hope that the payload will come off.

I hope that the parachute will come off.

I hope that the parachute will open.

I hope that the man will reach <sup>the ground</sup> ~~the ground~~.

The curious kitten in the tree  
Once there was a kitty that was  
curious and his name was IXAN.  
IXAN liked climbing trees and his  
colour was brown. One day the kitten  
went to climb a tree when IXAN  
was climbing he got stuck! IXAN  
had thought it was easy because  
he saw his friend ~~climb~~ <sup>climb</sup> run up  
and down the tree so he started  
climb the tree in fact it was easy  
but then he noticed he was stuck.  
Luckily ~~Bepa~~ <sup>Bepa</sup> went on a walk and  
rescued him from the tree and  
they lived happily ever after.

The joys of being a human cat.  
Once I was a human kitten but  
now I'm a human cat. The best  
thing is your hands turn into claws and  
that's really cool. When you have  
claws you can climb trees and  
fences, but when you have hands  
you can fold paper and make  
things. The thing is whiskers can  
be really useful, because they  
tell you when juicy food is on  
the move. I hope one day a big  
fat and juicy mouse runs over  
my garden lawn and non non  
non non non young I say! I like  
doing yoga but I like drawing  
more. When I do my best art I use  
stickers. Having claws is useful  
to kill food to eat.
