Hopes and Dreams

Sometimes I throw coins into a wishing well but I do not always get what I wish for.
When it's my birthday I can blow my candles out and make a wish but sometimes I do not always get what I wish for.
There is always hope.

At night I dream about owning my own private yacht and sailing to the Milky Caribbean.
At 3pm I daydream about climbing the highest mountain so I can see the Milky Way.
There is always hope.

Once my friend was very kind and he traded me a special Pokémon card and this made me feel really happy.
Sometimes people are not kind to me because they can hurt me so I wish everyone was kind.
There is always hope.

If I could change anything in the world I would want dinosaurs to be able to come back to life or that the virus will go away so I can see my friends and family and go swimming.
There is always hope.

My birthday is soon
I hope I can see my friends
because I love them.

The virus is bad
we stay two metres away
yet, we are still friends.

Hope

Hope is hoping things to be better and wanting better things.

I hope that one day I can be a better writer.

My daddy hopes for the world to be a nice place to grow up in.

My sister hopes to be able to raise money for charity.

My mummy hopes to be fit and healthy.

These are our hopes.

The curious kitty in the tree
Once there was a kitty that was
curious and his name was Ixan.
Ixan liked climbing trees and his
colour was brown. One day the kitty
went to climb a tree when Ixan
was climbing he got stuck! Ixan
had thought it was easy because
he saw his friend Nutkin run up
and down the tree so he started
climb the tree infact it was easy
but then he noticed he was stuck.
Luckily Bepa went on a walk and
rescued him from the tree and
they lived happily ever after.

I hope that the rocket will go high ^{and} high,
I hope that the payload will come off,
I hope that the parachute will ^{come} off,
I hope that the parachute will ^{stop} up,
I hope that the man will reach the ^{ground} safely.

The joys of being a human cat.
Once I was a human kitten but
now I'm a human cat. The best
thing is your hands turn into claws and
that's really cool. When you have
claws you can climb trees and
fences, but when you have hands
you can fold paper and make
things. The thing is whiskers can
be really useful, because they
tell you when juicy food is on
the move. I hope one day a big
fat and juicy mouse runs over
my garden lawn and non non
non non non young I say! I like
doing yoga but I like drawing
more. When I do my best art I use
stickers. Having claws is useful
to kill food to eat.

Once upon a time there was a little girl called Lilly. She was hopeless but kind. One day she went to school. At the same day it was a lovely sunny day her friend called Paddy wanted to play with her. She hoped that it would be a lovely night but that night it was raining and it was stormy. She was frightened so she ran into her mum and dad's bedroom but they weren't there. ~~There~~ Where were they? She shouted "mum dad where are you" but they were in the back garden watching the storm. She went out but she saw them ~~at~~ the end.

They were very happy and they became friends.

They worked together to get home. They were very kind and they helped them. They gave them a boat and they went home. They were very happy and they became friends. They were very kind and they helped them. They gave them a boat and they went home. They were very happy and they became friends.
