Dear Pine Cone,  
Maybe our time together was shorter than most years, but I can guarantee we'll both never forget it!  
You have made me very proud throughout and I hope you know that. Your best efforts have always WOWed me and your resilience through all sorts of challenges and even through these crazy times shows me you have a strength I could only have dreamed of! Never be afraid to aim high, and never forget to take little moments to reflect on the amazing things you have achieved.  
Thank you for a fab year,  
Miss Rodriguez
