

# Year 4 Curriculum Map—Summer 2 2021

## English

### **Humorous Narrative**

This term, we are writing stories jam-packed with humour and revising our story planning and writing skills.

### **Explanation Text**

We will be explaining how the Human Digestive System works, with all the knowledge we gather from our Science topic focus.

## Maths

### •Time

### •Statistics

### •Properties of Shape including angles

•**Working with word problems**—using helpful methods like “RUCSAC”: Read, Understand, Cover, Solve, Answer, Check

### •Checking strategies

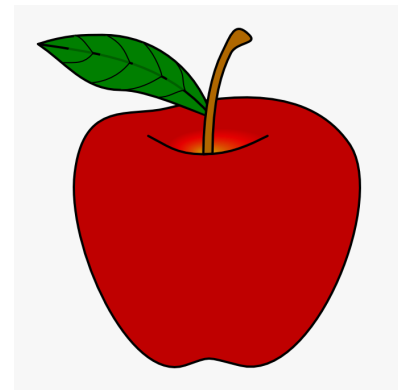

## Science (Main Topic)

### **Burps, Bottoms and Bile! *Human Digestion***

Open wide – let’s look inside! We’re on a voyage of discovery to find out what happens to the food we eat.

We will investigate teeth and their function, find out which organs we have in our body that help with digestion and of course, we will learn that what goes in... must come out!

As well as learning about digestion, we will investigate how we can keep our digestive systems in good working order.

## RE

### **Islam**

- Main beliefs
- Special Places
- Special Festivals
- Holy Book
- Symbols and Meanings

## Languages - French

Weekly lessons with Mademoiselle Jackson
