Does your child have Covid 19 symptoms?

When to end self isolation

The isolation period Day of isolation Ending self-isolation early using LFD tests for children remains at 10 days. However, 0 Self-isolation starts* children can return to 1-4 Self-isolate school after 7 days if Self-isolate 5 they have tested Take an LFD test negative on two LFD tests, as shown on LFD test is negative LFD test is positive this diagram. Continue to self-isolate Continue to self-isolate Self-isolate Self-isolate 6 Note: Take an LFD test Take an LFD test *Day 0 is the day LFD test is negative symptoms started or LFD test is negative the day the LFD test Self isolation ends after this negative test** Continue to self-isolate was taken if your child does not have Self-isolate 7 symptoms Take an LFD test ** Self isolation can LFD test is negative end as long as your Self isolation ends child does not have a after this negative test** high temperature. If 8 they still have a high 9 temperature after the

full 10 day period,
