

This half term our topic is Florence Nightingale. Please choose at least one of these homework activities to help enrich this topic for your child.

Write a thank you letter to someone who has helped you. Remember to include your address and use all of the features that a letter needs.

Find out about other people who help us—write about these and explain what they do.

Make a poster to remind people to wash their hands properly.

Make a lamp, a little like the one Florence would have used a long time ago.

Build a hospital using construction materials. Include all of the different types of rooms that a hospital might need—wards, visiting areas, reception desks.

With your grown up, use the internet or books to find out about different nursing and doctor uniforms through time. Label some changes and see if you can identify what is the same and what is different.

Florence was really good at ensuring her patients ate well. Create a healthy menu and perhaps even make a healthy meal or snack that you could give to someone.
