

# Key Instant Recall Facts

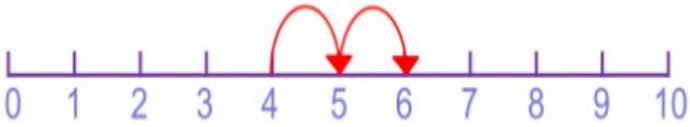

## Year 1 – Autumn 1

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

Your child's KIRF this half term is: Counting forwards and backwards within 10.

10, 9, 8, 7 ... blast off!

In addition you can help by practicing the following:

<p>Finding one more or one less within 10</p>	<p>One less in 7  one more is 9</p>
<p>Comparing numbers within 10 (less than, greater than, equals to)</p>	<p> <math>&gt;</math> </p>
<p>Number lines to 10</p>	<p></p>

### Top Tips

The secret to success is practicing little and often. Use time wisely. Can you practice these KIRFs while walking to school or during a car journey? You do not need to practice them all at once; perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

# Calculations

## Year 1 – Autumn 1

In year 1 this half term, the children will learn addition using the following methods.

Skill: Add 1-digit numbers within 10	Year: 1
	<p>When adding numbers to 10, children can explore both aggregation and augmentation.</p> <p>The part-whole model, discrete and continuous bar model, number shapes and ten frame support aggregation.</p> <p>The combination bar model, ten frame, bead string and number track all support augmentation.</p>
