

# Our Spring Term topic this half term is...

## Amazing Animals

In English we will be **exploring non-fiction texts** and writing explanation texts about chicks.

Then we will be discovering where Traditional Tales come from and how they are retold.

In Computing we will be collecting data about animals and learning how to present it.

In RE we are will be learning about different faith leaders and all about how Chinese New Year is celebrated.

We will be learning new **dance** skills in **PE** with Mr Sanders.

In art we will be using animals as inspiration to learn new skills in **printing and clay work**.

In maths we will be mastering **addition and subtraction** then working on **place value within 50**. We will also start learning our 2, 5 and 10 times tables.

As scientists we will be investigating animals and asking 'What do animals need to survive?', 'How do they change and grow?' and 'How can we group them?'

We have chicks visiting us in school for two weeks to bring the topic to life!

In music we will be using animals as inspiration to explore **pitch**.
